

LETTER OF RECOMMENDATION

Date:

To

The Director,
Solid State Physics Laboratory,
Lucknow Road, Timarpur,
Delhi – 110054.

Subject: Letter of Recommendation for Mr. Utkarsh Sinha, CSE Dept., Batch 2025–29.

Respected Director,

It is my pleasure to recommend Mr Utkarsh Sinha, a B.Tech student of CSE Engineering (Batch 2025–2029) at Delhi Technological University DTU, for the Summer Internship Program at the Solid State Physics Laboratory (SSPL), DRDO.

Utkarsh has distinguished himself as a diligent and intellectually curious student with a strong inclination toward analytical problem solving. He has demonstrated consistent dedication to his academic responsibilities and a sincere effort to understand engineering concepts beyond the surface level.

What sets Utkarsh apart is his ability to approach technical challenges with patience and logical reasoning. He shows particular interest in exploring the application of engineering principles in real-world technological systems. His enthusiasm for learning, coupled with his willingness to take initiative, makes him well suited for environments that demand independent thinking and disciplined work.

I believe that exposure to the research ecosystem at SSPL will greatly complement his academic pursuits and further strengthen her technical perspective. Given his commitment to learning and his responsible attitude, I am confident that he will make productive use of this opportunity.

I strongly recommend Mr Utkarsh Sinha for the summer internship at DRDO–SSPL and wish him success in his future academic and professional endeavours.

Kind Regards,
Dr. Anjali Bansal
Assistant Professor
Department of Computer Science and Engineering
Delhi Technological University
